Sacramento, CA 95812-4025

Subject: California Waste Services DTLA (SWIS # 19-AR-1228)
Completeness Determination for SWFP Permit Application Package

Dear Mr. Tasiopoulos:

On June 14, 2023, the City of Los Angeles Local Enforcement Agency (LEA) received an application package for a modification of the solid waste facility permit (SWFP) from California Waste Services DTLA (CWS DTLA). The operator is proposing a change in the loading area for the sorting machine, placement of bunkers and a shift of the permitted boundary without increasing it for their large volume transfer and processing facility located in Los Angeles, California. The LEA reviewed the application package according to the solid waste facility permit requirements found in Title 14 of the California Code of Regulations. On June 20, 2023, the LEA made the determination that the application package is complete and correct and ready for filing.

This permit application package contains the following items:

1. **A completed application form (CIWMB form E-1-77).**
The LEA has reviewed the application and has determined that the operator has properly completed the form. The application contains a statement from Mr. Eric Casper, President of CWS DTLA certifying that the application is true and accurate to the best of his knowledge.
2. **A complete and correct Transfer/Processing Report (TPR).**
The LEA has reviewed the CWS DTLA TPR and has determined it is in compliance with the requirements of 14 CCR 18221.6.

3. California Environmental Quality Act (CEQA) EIR Addendum

The Local Enforcement Agency has prepared an addendum to the original CEQA EIR document. The focus of the addendum was on the change of sorting machine loading area, movement of permitted boundary and movement of bunkers.

As required by 14 CCR 21650, the LEA is submitting a copy of the accepted application form as an attachment to this determination letter.

If you have any questions, please contact me at 213-252-3932 or Jose Gutierrez of my staff at 213-252-3348.

Sincerely,

David Thompson, Program Manager
City of Los Angeles
Local Enforcement Agency
