I. Document Submittal List

- A. Plans
1. Architectural Plans
 - Plot plan
 - Floor plan
 - Roof plan
 - Exterior elevations and cross-sections
 - Disabled access features
 2. Structural Plans
 - Foundation plan
 - Floor framing plan
 - Roof framing plan
 - Truss information
 - Structural framing and connection details
 3. Grading Plans when grading is proposed
 4. Landscaping Plans
 5. Plumbing Plans (including relevant information from architectural plans)
 6. Mechanical Plans (including relevant information from architectural plans)
 7. Electrical Plans (including relevant information from architectural plans)
- B. Calculations
1. A complete set of Structural Calculations (for vertical and lateral loads) signed by responsible professional
 2. Energy Calculations and Forms (Title 24)
- C. Other documents
1. Soil Report and Geologic Hazard Study if in Geologic Hazard Zone
 2. Sound Study/Noise Report (if stipulated in Planning permit) Hazardous Material Inventory List (list types and quantities of chemicals stored on site)
 3. Material specifications

II. Expanded Information on Above Documents

- A. General Information
1. Plans prepared with ink or indelible pencil or by a reproduction process, drawn to scale, fully dimensioned, and a minimum size of 24" x 36". Plans shall be of sufficient clarity to indicate the nature and extent of the proposed work and to show in detail that the project will conform to the provisions of all applicable codes and of relevant laws, ordinances, rules, regulations, and orders.
 2. Signature and stamp on all documents by architect or engineer (cover sheet of each document to be wet signed and stamped)
 3. Name, title, registration (if applicable), address, and telephone number of architect or engineer on cover sheet
 4. Project name and address, as well as project owner's name, address, and telephone number.

5. Cover sheet information:

- a. Applicable codes and editions (UBC, UMC, UPC, NEC & Energy)
- b. Description detailing scope of all work
- c. Occupancy group(s) and type of construction
- d. Gross area per floor and building height
- e. Index of all sheets of plans and attachments

B. Architectural Plans

1. Plot plan including:

- a. Vicinity Map and North Arrow
 - b. Lot dimensions, property lines, street, and alley locations
 - c. Building footprint showing all projections and dimensions to property lines and adjacent structures
 - d. Fully dimensioned parking lot layout, driveway locations, and sidewalks, including all required disabled access features, such as disabled parking spaces and paths of travel from disabled parking spaces and public sidewalks to building entrances
 - e. Easements and visible utilities on site
 - f. Locations of existing fire hydrants within 500 feet of the project
2. Fully dimensioned floor plans, including room sizes and uses, corridor widths, and all disabled access features including fully dimensioned and detailed restrooms
 3. Fully dimensioned roof plans, including roof eaves, overhangs, rakes, and gables, and construction material of roof
 4. Exterior elevations detailing all exterior walls and cross sections in each direction
 5. Interior elevations including fixed cabinets and counters to show compliance with all applicable disabled access requirements
 6. Door and window locations and door and window schedules including size and type and threshold details and LA City RR numbers for skylights
 7. Fully dimensioned elevator, ramp, and stair details, including rise and run for stairs, handrails, and all member sizes
 8. Show all exit locations, including exit paths and exit lighting
 9. Detail sound separation wall locations and construction
 10. Detail fire separation wall locations and construction
 11. Detail fire-rated corridors, door ratings and locations, and smoke- and fire-damper locations and construction
 12. Provide fireplace details, including LA City RR number
 13. Disabled access notes to cover all other applicable accessibility requirements that are not covered by details

C. Structural Plans

1. Structural wall sections including connection details at foundation, floor, and roof levels

2. Post and girder connection details
3. Footing, pier, and grade beam details
4. Shear wall and holdown details, including wall construction, nailing, anchor bolts, transfer connections, and holdowns
5. Stairway framing and connections, including handrails, and dimensions of all members
6. Flashing details when flashing provided
7. Material specifications

Prefabricated
Trusses

- a. Roof framing plan with truss I.D. number and manufacturer's name
- b. Detail of all trusses, including gable bracing and bridging
- c. Detail of all truss splices, connections, plate sizes, and hangers
- d. Truss plans to be stamped designating review and approved by responsible engineer.

D. Grading Plans

1. Existing and proposed grading plans
2. Pad elevations, ground slope drainage pattern, and topographic plans prepared with 5'-0 contours.
3. Retaining walls and drainage systems

E. Landscaping Plans

1. Show all structures, including accessory structures, swimming pools, walkways, etc., including all required disabled access features

F. Plumbing Plans

1. Site utility plan and sizing calculations
2. Waste and vent pipe and sizing calculations
3. Water piping sizing calculations
4. Kitchen plan for common area kitchens
5. Roof drain plan and sizing calculations
6. Condensate drain plan and hydronics piping plan

G. Mechanical Plans

1. HVAC plan including size (BTU/HR output) and location of HVAC equipment and locations of ducts and smoke- and fire-dampers
2. Environmental and product conveying duct plan
3. Gas piping and sizing calculations
4. Kitchen plan for common area kitchens and Los Angeles County Health Department approval

H. Electrical Plans

1. Load calculations and panel schedule
2. One-line diagrams, including wire and conduit sizes

I. Energy

1. CF-1R and MF-1R forms completed, including signatures, and attached to plans Requirements
2. CF-GR and Insulation Certificate attached to plans
3. Performance Analysis and Back-up forms attached to plans

III. Miscellaneous Plans and Permits

1. Proposed accessory structures, including pools and spas.
2. Demolitions of structures on site.
3. Fire sprinkler, smoke detection, and fire alarm system installation.
4. Separate electrical, mechanical, sprinkler, HVAC, and plumbing plan check and/or permits may be required. Please check with each discipline sections for your project.

NOTE:

- (1) This is not a complete list of all document submittal requirements and additional information may be required after plan review.
- (2) Review and approval from other departments and agencies, such as City Planning and Public Works (sewer), may be required.
