

Energy and Water Efficiency Related Programs and Information

Last Revised 9/19/2023

The following information contains links to opportunities, incentivized programs, and resources for building owners to make their buildings more energy and water efficient. The Department of Building and Safety encourages you to review the information provided so that you can make well informed decisions about improving the operations of your building.

LADWP Incentivized Energy Savings Programs

LADWP offers a range of energy saving programs to help you manage costs and reduce your consumption, the following are a few of the featured rebate programs. *For more information on LADWP rebates and programs, visit www.ladwp.com/business:*

- **Commercial Lighting Incentive Program (CLIP)**
LADWP's Commercial Lighting Incentive Program (CLIP) offers commercial customers incentives on the installation of newly purchased and installed energy-saving lighting and controls. *For more information, visit www.ladwp.com/clip, call (213) 367-4215 or email clip@ladwp.com.*
- **Custom Performance Program (CPP)**
LADWP's Custom Performance Program (CPP) offers commercial customers incentives for energy savings achieved through the implementation of a variety of qualifying energy efficiency measures. (including but not limited to installation of new, high efficiency equipment and retro-commissioning measures). *For more information, visit www.ladwp.com/custom, call (213) 367-3436 or email custom@ladwp.com.*
- **LADWP Zero By Design (LADWPZBD)**
LADWP's Zero By Design encourages developers to build more sustainably by providing financial incentives for commercial and high-rise multifamily new construction projects which exceed Title 24 or industry standards. *For more information, visit www.ladwp.com/ladwpzbd, call (213) 367-8755 or email ladwpzbd@ladwp.com.*

Retrofit.LA

Retrofit.LA (formerly known as the L.A. Energy & Water Efficiency Resource Center) is funded by the L.A. Department of Water and Power to provide comprehensive resources to help covered buildings comply with the Existing Buildings Energy and Water Efficiency Ordinance. Retrofit.LA is powered by the L.A. Better Buildings Challenge, in partnership with the L.A. Department of Building and Safety, the L.A. Department of Water and Power, SoCalGas, the L.A. Mayor's Office, and the U.S. Green Building Council-L.A. Chapter.

Retrofit.LA offers a range of materials and services, including a Benchmarking Guide, Technical Support for ENERGY STAR, Service Provider Directories¹ listing vetted providers of Benchmarking and Audit & Retro-Commissioning (A/RCx) services and an online A/RCx Navigational Guide. For details on these resources, visit their website at <https://retrofit.la/>.
