

INFORMATION BULLETIN / PUBLIC – BUILDING CODEREFERENCE NO.: LARCEffective: 01-01-2017DOCUMENT NO. P/BC 2023-035Revised: 02-15-2023Previously Issued As: P/BC 2021-035

REGULATIONS REGARDING REGISTRATION FOR DEPUTY INSPECTOR

PURPOSE: The purpose of this bulletin is to clarify the application procedures, minimum level of experience and examination requirements for a registered deputy inspector certification. The procedures for obtaining a certificate of registration (license) as a deputy inspector and the regulations of such inspectors are given in Chapter 17 of the Los Angeles Building Code (L.A.B.C.). These sections require that the Department of Building and Safety (LADBS, or the Department) examine and verify each and every applicant with regard to their experience, training, and knowledge. Changes made by the Department to application procedures or to the experience and examination requirements may not be immediately reflected on this document.

I. The following abbreviations identify licenses currently available (Shown in alphabetical order)

- **CC Concrete Construction** (Pile/Pier Driven or Poured Structural Concrete, Strengthen/Retrofit by Wrapping with Fiberglass or Structural Steel Sheathing and Seismic Inspection of Concrete over 160' in height)
- DIA Drilled-in Anchors
- EIFS Exterior Insulation & Finish System
- FR Fire Stopping
- **GR Grading** (Pile/Pier Driven or Poured)
- GU Gunite/ Shotcrete
- MC Masonry Construction (Pier Foundation)
- MET Methane Barrier
- PSC Pre-Stressed Concrete
- SC Steel Construction (Structural Steel, Welding, High Strength Bolting, Cold-Formed Steel Framing, Pile Foundation) (Strengthen/Retrofit by Wrapping with Fiberglass or Structural Steel Sheathing and Seismic Inspection of Steel over 160' in height)

- SFRM Sprayed Fire-Resistant Materials (Mastic/ Intumescent Fire-Resistant Coatings) (Strengthen/Retrofit by Wrapping with Fiberglass of Structural Steel Sheathing)
 - SR Seismic Resistance (HVAC, Piping, & Mechanical Unit, Electrical Equipment, Exterior Wall Panel & Anchorage, Suspended Ceiling & Anchorage, Access Floor & Anchorage, Steel Storage Racks & Anchorage, Architectural Components, Designated Seismic Systems, Seismic Isolation System)
 - ST Soils Technician (Soils testing as per Table 1704.7 item #1 in *controlled fill* only and items #3 and #4 only) *Registered Civil Geotechnical or Certified Engineering Geologist licensed by the State of California are exempt from this requirement.
- WD Wood Construction (Structural Wood, Cold-Formed Steel Framing if by Screw Attachment)

WR Wind Resistance

Mechanical

SMK Smoke Control

AB Air Balance

II. REQUIREMENTS

- A. Complete the <u>Trade License Application IN.App29 (Rev 11-16-2016)</u>
 - 1. Submit a separate completed application for each license with required fees to LADBS Licensing Section (There is no longer a controlled activity or rider available.)
 - **2.** Indicate on the "Examination Title" line, the examination classification and if it is "New" or "Renewal".
 - 3. Submit a complete <u>Registered Deputy Inspector Certification of Work</u> <u>Experience</u> form. The applicant is to fill out Part 1 of the Certification. The person certifying the work experience shall fill out Part 2. The Certifier must be an owner or in a management position of the company where the experience was gained and have direct knowledge of the work experience of the applicant. Submit a separate Certification of Work Experience form for each employer.
 - a) **New Applicants:** Show at least the minimum experience required.
 - **b) Renewals:** Include work experience for the past 3 years in a related field.
 - 4. Submit three (3) copies of the Trade License Application (IN.App29) only.
- **B. Provide two** 2" X 2" Full-Face **Passport Photos** taken within one year of the application date. Instant (Polaroid type) photos are **Not acceptable.**
- **C.** Renewal applications shall be submitted with a copy of the existing license to be renewed, along with a copy of the current ICC Certifications or California Engineer's License.
- D. New Grading applicants shall submit a letter attesting to and verifying their qualifications from a Licensed Laboratory or Civil Engineer/Geologist which specializes in soil mechanics and/or geology. The application shall include your qualifying experience and a copy of your California Engineer or Architect License, if applicable.
- **E.** New Soils Technician applicants shall submit a letter from an LA City Test Agency approved for Soils testing verifying and attesting to their qualifications.
 - **1.** Exception:
 - a) Registered Civil/Geotechnical Engineer or Certified Engineering Geologist Licensed by the State of California are exempt from this requirement.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities.

- F. Provide proof of appropriate ICC Certification (ICC wallet card or ICC proctored examination pass-letter) for each new and renewal license application as noted in the "Qualifications & Certifications" section on pages 4 and 5 (Including NEW applications from City employees).
 - **1.** Exception:
 - **a)** California Licensed Architects and Engineers are not required to provide proof of ICC Certification.
 - **b)** Not required if ICC does not offer certification for a particular discipline. ICC Certifications *are* required *as they become available* for each category.
 - c) An ICC certification may be waived for <u>Renewal</u> applicants who are City Employees, utilizing the license for City business only. (i.e.: Public Works Bureau of Contract Administration, Los Angeles Harbor Department, WORLDPORT LA, LAWA, etc.)
- **G.** Provide copies of State, College, Trade School, & High School Diplomas, degrees, or certificates.
- **H.** Copies of Transcripts may also be submitted.
- I. Submit the appropriate fees for each examination.

III. APPLICATION FEES (Fees are subject to change)

License Applications	New	Renewal	Calculations
Each	\$528.00	\$482.00	Registration Fee
	15.84	14.46	3% Development Services Center Surcharge
	<u>31.68</u>	<u>28.92</u>	<u>6% Systems Development Fee</u>
	\$575.52	\$525.38	TOTAL

A. SUBMIT APPLICATION AND REGISTRATION FEES TO:

LA DEPARTMENT OF BUILDING AND SAFETY, LICENSING SECTION 221 N. Figueroa St. Suite 700 Los Angeles, CA. 90012

Make Checks Payable to: LA Department of Building & Safety

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities.

CLASSIFICATION	QUALIFICATIONS & CERTIFICATIONS *	EXPERIENCE

Exterior Insulation & Finish System (EIFS) **	EIFS Certification from nationally recognized testing agency (such as AWCI-Association of Wall & Ceiling Industry) as EIFS Industry Professional (CEP) or EIFS inspector (CEI).	 qualifications: 1) At least 4 years of Journey Level experience in the 			
Fire Stopping (FS) ***	Firestop certification from nationally recognized testing agency [such as IFC (International Firestop Council)]	building trades field relate to the License			
Grading (GR)	 All associated schooling in this field. <i>and</i> Letter from Licensed Laboratory, Civil Engineer or Engineering Geologist attesting to qualifications. <i>and</i> Possess current ICC Certification: "EC Soils Special Inspector". (Grading renewals do not require continued ICC certification unless soils related CEU's become available.) 	 Classification sought. a) This requirement does not apply to Soils Techs or EIFS. 2) Possess a NICET (1) "Engineering Technical Certification Level II" with a minimum of 4 years of experience in related field 			
Gunite/ Shotcrete (GU) *	Valid L.A. Deputy License for Concrete Construction	 (i.e. Soils/ Grading Tech) 3) A minimum of 2 years related field experience at the level of foreman or 			
Masonry Construction (MC)	Possess current ICC Certification: "84- Structural Masonry"				
Methane Barrier (MET) **	A minimum of one Manufacturer Certification.	supervisor with additional training in the technical			
Pre-Stressed Concrete (PSC)	 Valid L.A. Deputy License for Concrete Construction and Possess current ICC Certification: "92- Prestressed Concrete" and Letter from a licensed laboratory/ civil engineer attesting to qualifications. 	 requirements of the job. A minimum of 2 years' experience as a Building Inspector for a municipality with majority of work in the related field. 			
Seismic Resistance (SR) *	 California State Licensed Engineer in the applicable design class: Civil. Structural, Mechanical, or Electrical. Or Current registration as a Licensed Deputy in the appropriate discipline (SC, CC, MC, WD, or WR) to be inspected and approved by the design professional. 				

< TABLE CONTINUES ON NEXT PAGE >

CLASSIFICATION	QUALIFICATIONS & CERTIFICATIONS	EXPERIENCE
Smoke Control (SMK) *	 Expertise in fire protection engineering, mechanical engineering, <i>and</i> NICET Certification "Engineering Technologist CT Grade" <i>or</i> NICET (1) "Engineering Technical Certification Level II" with a minimum 4 years' experience in related field <i>or</i> California State Licensed Fire Protection Engineer. 	 5) A combination of 2 years' experience as Journey level Building Trades related field <i>and</i>: a) One year of college work (minimum 24 semester units) in Inspection Technology with specific technical
Air Balance (AB) * Soils Technician (ST)	 Air balance certification from nationally recognized testing agency, i.e.: National Environmental Balancing Bureau (NEBB), Testing Adjusting and Balancing Bureau (TABB), or Associated Air Balance Council (AABC) <i>and</i> A minimum 4 years' experience in related field. Letter from L.A. City Test Agency, that is approved 	 courses consistent with the type of certificate applied for <i>and</i> b) One year of full-time employment by an approved testing agency in the related
Sons rechnician (ST)	for soils testing, attesting to qualifications.	field. 6) A combination of 2 years'
Sprayed Fire- Resistant Materials (SFRM)	Possess current ICC Certification: "86- Spray Applied Fireproofing"	experience as Journey level Building Trades
Steel Construction (SC)	 Possess current ICC certifications: S1 Structural Steel and Bolting <i>and</i> S2 Structural Welding 	related field and 2 years of college work (minimum 48 units) in Inspection
Wind Resistance (WR) *	 California State Licensed Engineer in the applicable design class: Civil, Structural, Mechanical, or Electrical. <i>Or</i> Current licensed deputy in the appropriate discipline (SC, CC, MC, WD, or SR) to be inspected and approved by the design professional. 	Technology with specific technical courses consistent with the type of certificate applied for.
Wood Construction (WD)	 Possess current ICC certifications: B2- Commercial Building Inspector, <i>or</i> I2- California Commercial Building Inspector, <i>or</i> B1- Residential Building Inspector, <i>or</i> J1- California Residential Building Inspector 	
All Renewal Applications	All renewal applicants are required to include work experience and any additional education received during the past 3 years.	

*ICC Certifications are required as they become available for each category.

• Deputies in any classification in which manufacturers require their own certifications must obtain those certifications prior to inspecting work using those products (i.e. MET, EIFS, SFRM, FS, etc.)

^{*} Fire Stopping Deputy License is not yet available. IFC Certification required

IV. EXAMINATION

- A. EXAMINERS: A committee is made up of qualified individuals from The Department's Building Inspector class, appointed by the Superintendent of Building, who will examine and evaluate each applicant's qualifications for the certificate applied for.
- B. NEW APPLICANTS (EXCEPT FOR GRADING APPLICANTS, SEE "D" BELOW): A written examination and an oral interview is given to evaluate experience, knowledge, and abilities. The examination of all new Deputy Inspector applicants (except Grading) are scored and weighted in two parts. Multiple choice code questions are weighted 50% and the oral evaluation is weighted 50%. A minimum passing score of 70% is required on the written exam. The oral evaluation will only be conducted after passing the written exam.
- C. RENEWAL APPLICANT: Renewal Deputy Inspector applicants (except Grading) are weighted 100% on the Written Examination. No oral exam is necessary. Significant code changes may require the applicant to be tested as a new Deputy Inspector. Expired licensees will be examined as new applicants. *Failure on Written Exam may require applicant to retake both Written and Oral Exam for renewal.*
- D. GRADING DEPUTY NEW & RENEWAL APPLICANT: The Grading Examination will be graded and weighted in three parts: Oral Interview to evaluate qualifying experience and knowledge- 33.3%; Plan and Geotechnical report reading- 33.3%; Multiple choice code questions- 33.3%. Applicants must have a minimum score of 66% on all three sections and a combined score of 70% in order to pass. Applicants failing any one section, with a total passing grade, will be allowed one opportunity to retake the section failed at a future date at no additional fee. Those scoring below 70% total and/or failing more than one section will be required to reapply (See 'G' below). Total time to complete all three parts will be three hours.
- E. EXAMINATION NOTIFICATION: Applicants will be notified of the examination date and location by mail. This is a specially arranged and organized examination and you are required to attend on the date specified. Applications are valid for a period of six months from the cashier's validation date. If the examinations are not taken within that time period, the application and fees are forfeited. If the candidate wishes to pursue the license, a new application must be filed and fees paid.
- F. TIME AND RESTRICTIONS: Applicants (except Grading) will have a maximum of two hours to complete the Written Examination. No electronic devices of any type will be allowed in the examination room, i.e.: computers, cameras, cell phones, pagers, or any image-capturing devices.

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services and activities.

- **G. FAILURE OF EXAMINATION AND RETESTING:** Every applicant who fails to pass a new or renewal examination shall not be eligible for re-examination until 30 days after taking the previous examination. Subsequent test failures will require a 60-day waiting period. A new application shall be submitted with the appropriate fees for each exam.
- H. EXPIRATION OF LICENSES: All renewal applications shall be submitted at least 60 days in advance of the expiration date. A licensee may not conduct any inspections as a registered deputy inspector with an expired license. There is no extension of time or rescheduling of renewal examinations for processing by the Department after the 30-day expiration period. Failure to complete the renewal of an expired license within 30 days of the expiration date constitutes abandonment of the license/s. The applicant will be required to resubmit as a new registered deputy inspector candidate.
- I. REQUIRED CONTACT INFORMATION: Every registered deputy inspector is requested to have internet connectivity and maintain a current and valid e-mail address on file with the Licensing Section of the Department. Your information may be submitted in writing. If your mailing address, telephone number, or e-mail address changes, please notify the Licensing Section immediately. Information will periodically be sent electronically to deputies and it is important the you receive it. FAX machines and U.S. Postal mailings are no longer being used to transmit information.

Mail to: DEPARTMENT OF BUILDING AND SAFETY, LICENSING SECTION 221 N. Figueroa St. Suite 700, Los Angeles, CA. 90012

V. REFERENCE MATERIALS

The list of reference materials, which may be utilized for the examination process, is provided on Pages 9, & 10. These are required while working in a shop or in the field and may be used while taking the examination. It is recommended that you bring the following applicable reference books and Information Bulletins with you on the day of your scheduled examination. Copies of Research Reports, if used for the examination, will be provided during testing. Information Bulletins may not be provided. For both new and renewal examinations, you are allowed to use open code books.

A. 2020 CITY OF LA BUILDING CODE, BASED ON 2019 CBC AND 2018 IBC. VOLUMES I & II.

B. You must obtain current and updated copies of the LADBS Information Bulletins for the Deputy Examinations as listed on the attached summary of code references (Pages 9 & 10) from the Department's website (<u>LADBS.ORG</u>)

- **C.** The summary of code references on Pages 9 & 10 is not a complete list. You are encouraged to bring with you all code books (ACI, TMS, ASTM, AISC, and other reference materials) to answer questions on identification, test methods, practices, classifications, and standards for materials utilized in your discipline.
 - 1. Steel Construction & Welding Deputies shall also have City Adopted editions of the following reference materials (at time of Information Bulletin revision):
 - a) Structural Welding Code Steel AWS D1.1 2015
 - **b)** Structural Welding Code Sheet Steel AWS D1.3 2008
 - c) Structural Welding Code Reinforcing Steel AWS D1.4 2017
 - d) Structural Welding Code Seismic Supplement AWS D1.8/D1.8M 2016
 - e) Filler Metal Specifications and other AWS technical manuals pertinent to the welding operations, procedures, or processes being done.
 - f) AISC Manual of Steel Construction 15th Edition
- **D. Required equipment:** Depending on the discipline sought (i.e. Weld Gauges, Temperature measuring device, Slump cone & rod, Clinometer, Probe, Calibration measurement device, etc.) shall be provided by the applicant and maintained in working order.

Registered Deputy Inspector Certification of Work Experience

INSTRUCTIONS:

The applicant shall complete the information in Part 1 below, then the person certifying the work experience (business owner or manager) shall complete Part 2. The Los Angeles Department of Building and Safety reserves the right to contact the certifier to verify work experience and/or dates. If additional space is needed to list the experience, please attach a separate sheet that must also be signed under the same certification statement contained below.

Use a separate form for each employer. Please type or print neatly and legibly in black or dark blue ink—pencil is not acceptable. Forms containing strikeouts or modifications may not be accepted. Corrections <u>must</u> be initialed by the certifier.
