

Restaurant and Small Business Express Program

The Department of Building and Safety has created the complimentary **Restaurant and Small Business Express Program (RSBEP)** to assist restaurants and the small business community located in the City of Los Angeles.

Our goal is to efficiently guide our customers through the plan check and inspection process. Small businesses such as nail salons, barbershops, breweries, and retail stores that are undertaking a construction project with a permit valuation under \$1,000,000, may apply to the program. Restaurants and bars may apply to the program regardless of permit valuation.

A **Case Manager (CM)** is assigned to the project once the application is received, reviewed and approved. The CM will evaluate the specific needs of the customer, and will provide assistance by:

- Acting as a guide to our customers who are unfamiliar with the permitting and inspection process.
- Assisting in contacting appropriate agencies to answer specific questions
- Advising on the current code information, forms, and permit applications needed for a successful plan check submittal.
- Maintaining communication with the plan check engineers and the construction inspection staff.
- Providing information on plan check and inspection results.
- Helping coordinate the advancement of inspections and final approvals.

You may apply to this free program, at any stage of your project, by contacting the **Restaurant and Small Business Express Program** at

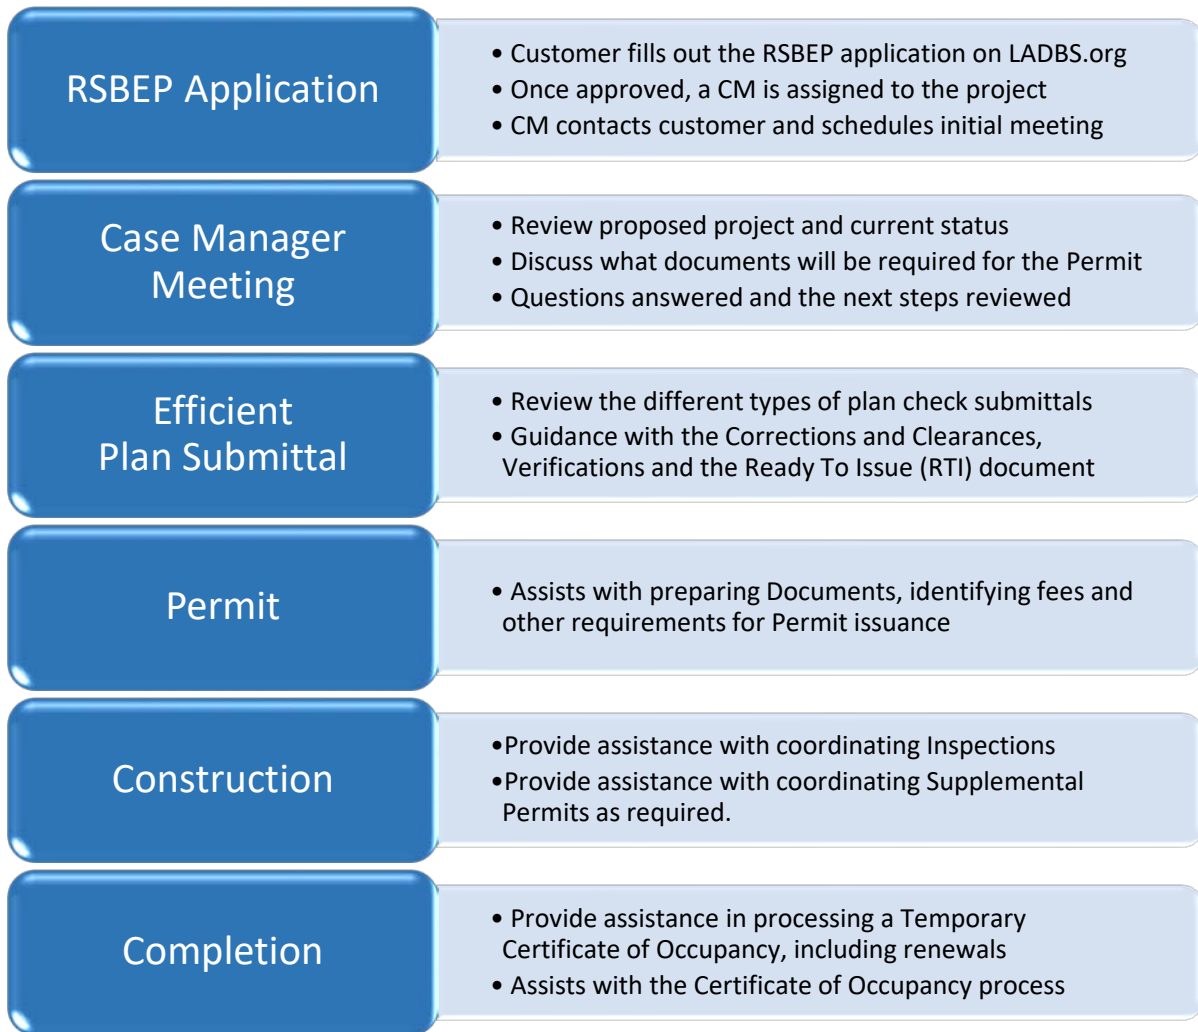

(213) 202-9963

or, apply online at <http://ladbsservices1.lacity.org/ICMS/OnlineApplication>

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodation to ensure equal access to its programs, services, and activities.
