

Multiple Meter Installation Identification Requirements

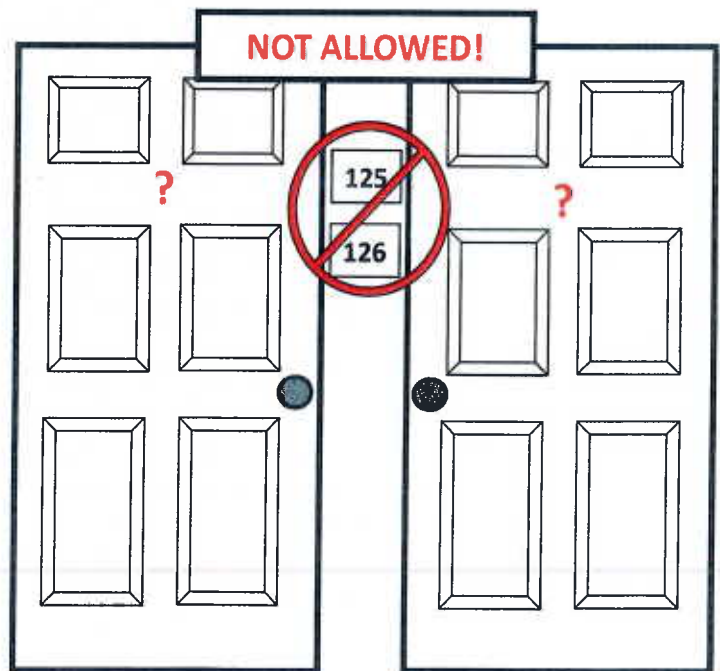

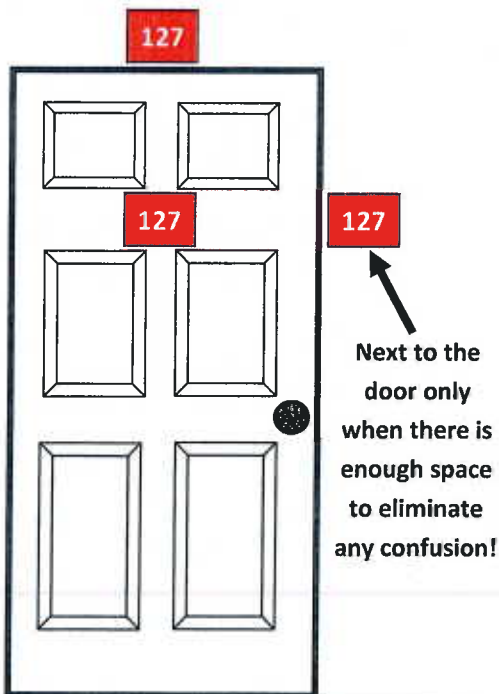

The Left **OR** Right corner of the meter cover is acceptable!

Locate the number portion of the address on the meter cover.
Be consistent with placement on all of the meter covers!

Acceptable means for Identifying addresses on meter socket covers:

1. Identification engraved plates secured by screws, rivets, or an equivalent secure adhesive.
2. Commercially available decals.
3. Weatherproof paint applied by stencil or legible lettering. (No Marks-a-lot or Sharpie)

4 inch tall Engraved or Metal or Wood numbers on or above the door are the preferred locations!

Print Name: _____

Signature: _____ Date: _____
